

“Code Red” Fire days

Our school is on the Education Departments Bushfire At-risk Register (BARR) and therefore will compulsorily close on all days that are declared Code Red fire danger rating. No students, parents, teachers, other staff or visitors will be in attendance. The school will notify you in writing in advance that there is a possibility of a Code Red closure and will send written confirmation the day before if the school will be closed. Families are encouraged to have an up to date Bush Fire Plan, including a response to Code Red school closures and monitor relevant authorities to stay informed of potential school closures.
